*Clear Surface Sealers*

# NanoPrime

*Fast drying Sealer, Densifier and Prime Coat for Concrete, Vinyl and Stone*

- **Water resistant**
- **Seal and Densifies**
- **Fast drying**
- **Non-yellowing**
- **Excellent adhesion**
- **Slip resistant**
- **Zero odor, VOC compliant**
- **Environmentally friendly**
- **Self-leveling**

NanoPrime is fast drying inorganic clear sealer and densifier prime coat. When applied to porous vinyl tile (VCT), stone and concrete the product will produce a semi-permanent primer and densifier prior to applying top coats. adds longevity and durability to existing floor finish by dramatically increasing the surface hardness of materials such as Acrylic based floor finish, Urethane and Epoxy. This clear micro-thin top-coat is unaffected by most environmental challenges including UV damage and based on its patented proprietary formulation will provide long lasting protection that will not yellow, peel or flake. aeon is unique in its ability to extend the life cycle of acrylic finishes by as much as 5 times their normal wear. This benefit affords better utilization of the floor surface with less disruptions. **Ideal for surfaces such as, Vinyl Tile, Sheet Vinyl, Linoleum, Travertine, Concrete Floors, Terrazzo, Natural Stone, Mexican Tile.**

**Schools • Hospitals • Retail • Cafeterias  
Grocery Stores • Nursing Homes**

**• Restaurants**

## Other products from CoverTec

CoverTec Products LLC is a US manufacturer and distributor of specialty chemical products used in the surface preparation, restoration and protection of building substrates. CoverTec products are used primarily in Flooring applications, Roof and Wall waterproofing and for Industrial and commercial maintenance.

Our products have very low odor and VOC can be applied to many substrates including concrete, wood, tile, stone, brick metal, rubber and aged asphalt. Key products groups include:

- Clear surface sealers
- Specialty coatings
- Substrate cleaners
- Waterproof coatings

### Technical Support

CoverTec offers training and technical support with all our products. We have experts in the field and in the lab that can offer the highest level of technical service.

### Green Product Solutions

CoverTec is committed to green building and LEED certification contributions. We are a member of the **US Green Building Council**, and have products backed by a range of approvals including Energy Star, USDA and NFSI

### SurfaceRestore

**Concentrated one step cleaner/enhancer that combines two time consuming tasks into one easy and quick operation. Removes deep set dirt, and stubborn grime, and at the same time deposits a non-discoloring, protective, anti-slip micro layer which responds to immediate follow-up buffing and burnishing.**

### TileShield

**Is a medium sheen, topical protective nano coating that creates a durable, slip resistant crystal-clear finish specifically designed to bond to the micro-pores of porcelain and ceramic tile.**

### VinylDiamond

**Floor protector solution may be used on all types of resilient and non-resilient floors. The product was developed for protecting high traffic floors; it requires minimal maintenance and no stripping for subsequent applications.**

### CoverShield CTS200

**Is high performance inorganic based nano coating supplied in a fast drying and slip resistant formula. When applied in micro thin layers to polished or unpolished concrete, terrazzo and stone, CTS200 will produce a hard-wearing water clear surface that provides protection against slip and fall and stains.**
