## Other products from CoverTec

CoverTec Products LLC is a US manufacturer and distributor of specialty chemical products used in the surface preparation, restoration and protection of building substrates. Applications include **Flooring, Walls, Roofs and Decking**.

Our products have very low odor and VOC can be applied to many substrates including concrete, wood, tile, stone, brick metal, rubber and aged asphalt. Key products groups include:-

**Clear surface sealers**

**Specialty coatings**

**Substrate cleaners**

**Waterproof coatings**

**Technical Support**

CoverTec offers training and technical support with all our products. We have experts in the field and in the lab that can offer the highest level of technical service.

**Green Product Solutions**

CoverTec is committed to green building and **LEED** certification contributions. We are a member of the **US Green Building Council**, and have products backed by and range of approvals including Energy Star, USDA and NFSI

### Surface Prework

Specially formulated, liquid cleaning agent for use on brick, tile, and concrete surfaces. Safer way to quickly remove mortar smear, dirt, and effloresce mold and mildew without damaging surrounding surfaces.

### Strong Seal Wetlook

Concentrated damp tolerant two-part polyurethane water dispersed paver sealer and joint stabilizer. When applied to pavers and concrete it will produce a hard-wearing wet look with protection against stains and water resistance.

### CoverSeal PREMIUM

Highly repellent, oil and stain resistant water-based penetrating sealer. PREMIUM has been formulated to provide maximum oil and stain protection to natural stone, concrete, porous tile and grout. .

### CoverSeal Pen 50

Water repellent silane siloxane emulsion specifically developed to reduce the ingress of salts and water to, concrete, stucco and masonry substrates. It is also highly resistance to mold and mildew.
